

GOAT Style Bike Festival 2009

Goat Style—a place where progression continues to smash the limits on a bike.

July 9th-12th 2009, Creston B.C, CANADA

For 2009 Goat Style is raising the bar of intensity yet again. Plans for a bigger course (again), plans for a bigger venue (again), plans to rock the mountain bike scene so big that riders and fans will be talking about Goat Style for months to come. Our volunteers are chomping at the bit they're so excited. It's on, and those who are involved are ready. Beautiful Creston, B.C is ready.

Our goal with Goat Style is to present a venue for riders to push limits, so far that only the ill minded can fathom such intensity. However, throughout the festival, welcomed are those who want to learn. You see it's a festival for all levels of riders, whether beginner or intermediate, or even pro. Our main course is set for riders who want to push, our alternative course is for riders that "want to be there" but are still building their confidence. It's about mountain biking. 2 wheels, no motors. It's for the true passion of the sport.

Aside from the main slopestyle event, vendors encompassing the venue, an expo that is going to be jam packed with industry enthusiasts, there is going to be a "free for all". What we mean by that: A guy standing on the side lines holding a wack of cash, taunting the riders, calling out to them to throw down with authority. Goat Style has officially listed the nightlife jump jam as part of the festival. It's going to be an event held under the lights with opportunities to show where mountain biking stands whilst soaring through the air. Every time a rider stomps something fantastic on their bike, they get cash. Every time a rider plows their face into the ground with great effort, they get cash. "Night Life" invites riders with something to prove to fly high. It's a jump jam with incentive. An opportunity to take \$\$ and stuff it into your back pocket. Be there, under the lights, ready to fly, ready to stomp, ready to take some money home.

On July 9th, 2009, we want to see you at Goat Style Bike Festival, Creston, B.C. To be a part of such an experience; it would be ludicrous to miss this event. Riders from across the globe, a caliber with high intensity, what we're going to see happen on mountain bikes is just not supposed to be possible, but some how certain enthusiasts prove everyone wrong, over and over again.

Goat Style Bike Festival July 9th-12th, 2009—Creston, B.C...be there.
